PRESS RELEASE

CISLAC lauds monthly Publication of NNPC transaction report

The Civil Society Legislative Advocacy Centre (CISLAC) appreciates and commends the Nigerian National Petroleum Corporation (NNPC) for the release of its oil and gas transaction report for the month of September, 2015 as earlier promised.

We are happy to state that the public presentation through publication of monthly transaction report of the Corporation is a true reflection of commitment of the present leadership to promoting transparency, accountability and good governance in the oil and gas sector.

We believe the ongoing effort would not only result in transparency and accountability in the nation’s oil and gas sector, but also restore the public confidence in the Corporation. We hope the transparent environment will be sustained, extended and emulated by all relevant public institutions in Nigeria.

Signed

Auwal Ibrahim Musa (Rafsanjani)
Executive Director, CISLAC
