REQUEST FOR AUDIENCE

As part of our effort to bridge the gap between legislature and the electorate, we write to request for your audience to formerly brief you on the outcomes of our previous engagements on maternal and child health in Kano State; and make a short appearance on Freedom FM to discuss maternal and child health related issues.

As you may recall, on 19th-20th December, 2013 and 12th-13th June, 2014, Civil Society Legislative Advocacy Centre (CISLAC) organized CSOs-Legislative-Executive Roundtable on Maternal Health, Media Training for Legislative Reporting on Maternal Health, Town-Hall Meeting on Strengthening Existing MDGs Committee in the Kano State Assembly, Town-Hall Meeting on Understanding Legislative Oversight Function on Maternal Health respectively.

These series of dialogues witnessed appreciable participations by members of the Kano State House of Assembly, executives, Civil Society Organisations (CSOs) and the media. Following exhaustive brainstorming on the aforementioned thematic issues, the participants identified the gaps and provided useful recommendation to achieving maternal and child health in the state.

We therefore propose to meet the Executives of Freedom Radio, Kano on Wednesday 11th February, 2015, so CISLAC can formally pay you an advocacy visit to brief on relevant issues discussed above. Following the visit on the same day, we also look forward to have a short appearance on your radio to sensitise various stakeholders on issues around maternal and child health.

For any enquiry or information, please call Chioma on 08037073826 or Abubakar on 08036304860.

Yours Sincerely,

Auwal Ibrahim Musa (Rafsanjani)
Executive Director, CISLAC
